ADFW
ABU DHABI FINANCE WEEK

"The Fastest Growing Investment Event in the World?"

As Abu Dhabi Finance Week (ADFW) enters its fifth edition, it has already established itself as one of the world's most significant gatherings of global financial leadership .

Hosted by ADGM, the fourth edition convened CEO's, Presidents, Chairmen and Founders of financial institutions that control over **$62 trillion,** equivalent to over **50% of global GDP.**

Taking place in December, ADFW is timed to take stock of the year's events, while looking ahead to the opportunities and events of the upcoming 12 months.

Join us again this year as leaders debate strategies and realities driving the economic, investment, technological and sociological factors influencing not only the future of global markets, but also the collective prosperity of humanity.

Be part of ADFW 2026.

2026

The Capital Community, Powered by Partnerships

In an era defined by complexity and rapid change, resilience is built through the strength of a connected community. ADFW 2026 celebrates "The Capital Community, Powered by Partnerships" where visionary institutions, sovereign partners and bold investors unite to co-create opportunities.

This year, we focus on the spirit of collaboration that transforms capital into a catalyst: co-investing across borders, sharing risks and building infrastructure that endures.

From Abu Dhabi, the Capital of Capital, we convene a global network bound by trust, driven by purpose and committed to engineering prosperity together. Because when capital moves as one community, it moves mountains.

Abu Dhabi: At The Heart of the Capital Network

Abu Dhabi stands as a testament to bold leadership and strategic foresight. As of early 2026, the emirate's sovereign wealth funds manage more than USD 1.8 trillion in assets, positioning Abu Dhabi as the world's richest city by sovereign capital and underpinning long-term investment and economic resilience.

Beyond sovereign wealth, Abu Dhabi is home to some of the region's leading investment firms and financial institutions, further reinforcing its status as a global financial hub and a powerhouse for capital deployment.

The wider economic momentum is equally formidable. The non-oil economy recorded solid growth of 7.6% year-on-year, and preliminary estimates indicate that non-oil activities accounted for 54% of total GDP in Q3 2025 with a value added of AED175.6 billion, reflecting the contribution of diversified sectors to overall economic output. From New Energy, to AI, Real Estate, Healthcare, Data Infrastructure and much more.

Global Capital Network: Abu Dhabi ranks 12th globally in the NYU Stern Financial Centre Competitiveness Index (Dec 2025)

ADFW Growth Factors

Abu Dhabi Finance Week's growth is rooted in its integration into Abu Dhabi's financial, regulatory and investment ecosystem, reflecting how capital, policy and technology intersect within a leading international financial centre.

Integration of sovereign and institutional capital: Delivered in partnership with Abu Dhabi's sovereign wealth funds, alongside leading global financial institutions across public and private markets

- **Scale of capital represented:** Institutions representing more than USD 62 trillion in assets convened across the 2025 edition
- **Tech & AI Leadership:** Topical challenges and opportunities on AI, quantum, market risks and security are presented across the breadth of discussions
- **Regulatory proximity:** Embedded within ADGM, providing direct insight into financial regulation and policy shaping global markets;
- **Experiential business and networking:** Closed-door C-suite meetings, leadership-only roundtables and a curated VVIP programme designed for substantive engagement beyond the main stages
