## **Brief Introduction**

Commerce (CGCC) is among the oldest and biggest chambers of commerce in Hong Kong. Holding fast to its longstanding mission of serving the community, CGCC has continued to evolve with the times. While reaching out to the world with its roots in Hong Kong and backing from the Motherland, it strives to safeguard the prosperity and stability of Hong Kong.

With deep roots in Hong Kong, CGCC dedicates itself to facilitating business and trade exchange and promoting the interests of the local business community. Currently, we have a membership of nearly 6,000, comprising association, company, individual and affiliate members, whose businesses cover a wide spectrum of commercial and industrial activities. forming an extensive, formidable industry network.

CGCC has not only been supporting the HKSAR government to implement policies in accordance with the law, but has also been maintaining close dialogue with individual government departments. Through representatives in the Legislative Council, government departments, public bodies and business organizations, we actively express the views and voice out for our members and the business community at large, especially when it comes to business-related policies. At the same time, we encourage the business sector to show their care for society and undertake corporate social responsibilities through the CGCC Foundation and the "We Care · We Share Campaign", and youth programs such as the "Internship and Exchange Program for Tertiary Students" and "Young Astronaut Training Camp".

On the national level, CGCC spares no effort in promoting the country's economic development. Many of our members contribute their expertise and insights to the country through their capacities as deputies to the National People's Congress and members of the Chinese People's Political Consultative Conference (CPPCC), and have been commended by the country's leaders. Sharing close ties with Mainland business organizations, CGCC has been assisting the country in going global and attracting foreign investment. In 1982, we created the "Hong Kong Industry and Commerce Training Program" to nurture economic and trade professionals for the country. In 2007, we even opened a Guangzhou office at the CGCC Building in Nansha to provide networking and supporting services for Mainland companies as well as Hong Kong and foreign investors in the Pearl River Delta region.

In recent years, the CGCC has been vigorously promoting economic and trade cooperation between Hong Kong and key economic areas in the Mainland. We have taken timely actions in response to

Founded in 1900, the Chinese General Chamber of various national development strategies, including the Guangdong-Hong Kong-Macao Greater Bay Area (Greater Bay Area), the "Belt and Road" Initiative (B&R), the "14th Five-Year" Plan and the "dual circulation" development. For instance, to promote the participation of Hong Kong businesses in the Greater Bay Area, we set up the dedicated Greater Bay Area Committee; and to strengthen the ties between Hong Kong businesses and B&R countries and territories, we created the Belt & Road Committee and Culture Committee, which focus on realizing the "going global and attracting foreign investment" objective, promoting mutual understanding and win-win cooperation both economically and culturally, and telling positive stories of China and Hong Kong.

> On the international level, we maintain close relations with consulates-general in Hong Kong and chambers of commerce worldwide, especially overseas Chinese business associations. We play a vital part in the creation and staging of the World Chinese Entrepreneurs Convention, which has become an important exchange and collaboration platform for Chinese businesses from around the globe. In the face of economic globalization, we strive to expand Hong Kong's trade ties with its neighboring regions and the world at large. Through such initiatives as the Hong Kong Summit, the CGCC World Chinese Entrepreneurs Summit, and overseas forums and delegations, we actively explore business opportunities arising from markets in the Association of Southeast Asian Nations (ASEAN) and Regional Comprehensive Economic Partnership (RCEP). Leveraging our strong network, we highlight Hong Kong's role as a business hub and financial center to the outside world and further promote regional economic and trade cooperation.

> When CGCC celebrated its centenary in 2000, we were extremely honored to receive then President Jiang Zemin's calligraphic writing of the uplifting message "Promote the fine tradition of loving the nation and Hong Kong, maintain the long-term prosperity and stability of Hong Kong". Li Ruihuan, Chairman of the CPPCC National Committee at that time, also extended his congratulations to the Chamber in person. During CGCC's 120th anniversary in 2020, we again had the honor to receive congratulatory inscriptions from current CPPCC National Committee Chairman Wang Yang in recognition of the Chamber's century-long contribution to the prosperity and advancement of Hong Kong and the Motherland.

> Moving with the times, we will continue to grow our business network and promote Hong Kong as a metropolis characterized by high efficiency and close ties with the global market.
